

ENOC PROTEC 2T SUPER PLUS

PRODUCT DESCRIPTION

ENOC PROTEC 2T SUPER PLUS is a high quality two-stroke engine oil that has been developed for small to medium size air-cooled two-stroke engines used in motor-cycles, scooters and three wheeler light passenger vehicles used in city traffic. Formulated with a modern low ash additive system which offers protection against scuffing of piston rings and liner wear by minimising piston ring deposits.

APPLICATIONS

- ◆ All modern and older model two-stroke engines
- ◆ Three wheeler light passenger vehicles powered by two-stroke engine
- ◆ Chainsaws and in portable equipment powered by two-stroke engine

PERFORMANCE STANDARDS

PROTEC 2T SUPER PLUS meets and exceeds the following International specifications:

JASO FB
API TB

Always follow equipment manufacturer's recommendation for required lubricant performance levels.

BENEFITS

PROTEC 2T SUPER PLUS provides:

- ◆ Reduced engine deposit
- ◆ Reduced engine wear
- ◆ Reduced tendency for pre-ignition
- ◆ Reduced smoke and exhaust port fouling
- ◆ Consistent power output over the use of non API approved lubricants.
- ◆ Longer engine service life
- ◆ Assistance in engine maintenance costs

Mix PROTEC 2T SUPER PLUS with gasoline

PROTEC 2T SUPER PLUS mixes readily with gasoline as a "premix" and is equally suitable for metered lube injection systems.

The best advise on mixing is to:

- ◆ Fill the tank half with gasoline
- ◆ Pour in the correct amount of oil
- ◆ Add the remainder of gasoline
- ◆ Follow the manufacturers' recommendations for mixing oil to gasoline ratios.

Technical Data*	
SAE (J 1536) fluidity/miscibility	F/M2
Kinematic Viscosity	
mm ² /s @ 40°C	59.4
mm ² /s @ 100°C	8.45
Flash Point, PMCC, °C	112
Sulphated Ash %m	0.05
Pour Point, °C	-18
Product Code	220004

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
