

ENOC ACTIVE SUPER PLUS

PRODUCT DESCRIPTION

ENOC ACTIVE SUPER PLUS is a multipurpose automatic transmission and power steering fluid designed to meet the lubrication of torque converters, transmission gear and hydraulic systems used in passenger cars, light trucks and heavy vehicles. **ACTIVE SUPER PLUS** is a low viscosity red dyed oil which performs to the exceptionally high technical standards needed to meet the wide range of lubrication requirements found in transmission systems.

APPLICATIONS

- ◆ Car and light truck automatic transmissions
- ◆ Heavy duty truck automatic transmissions
- ◆ Off-highway plant equipment using full or semi automatic gearboxes
- ◆ Power steering where ATF Dexron IIE[®] or Mercon[®] fluid is recommended
- ◆ Rotary air compressors requiring anti-wear type compressor oil
- ◆ Marine anti-wear hydraulic systems in low temperature applications
- ◆ Mobile equipment hydraulic systems

PERFORMANCE STANDARDS

ACTIVE SUPER meets and exceeds the following OEM and International specifications:

General Motors	Dexron [®] IIE
Ford	Mercon
DaimlerChrysler	MB 236.1
Voith	DIWA D 851-2
Caterpillar	TO-2
Allison	C-4

Always follow equipment manufacturer's recommendation for required lubricant performance levels and oil drain intervals.

BENEFITS

ACTIVE SUPER Plus provides:

- ◆ Longer transmission & equipment life, reduced down-time
- ◆ Prolonged service life through the use of a specially developed chemical inhibitor system
- ◆ Smooth gear changes which assist in the protection of the transmission gears against wear
- ◆ Wide operating temperature capability

Technical Data*	
Density, Kg/m ³ ASTM D 4052	865
Kinematic Viscosity mm ² /s @ 40°C ASTM D 445	34.0
Kinematic Viscosity mm ² /s @100°C	7.0
Colour	Red
Viscosity Index ASTM D 2270	171
Flash Point, COC, °C ASTM D 92	190
Pour Point, °C ASTM D 97	-39
Product Code	221001

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
