

ENOC PROTEC SUPER PLUS SM

PRODUCT DESCRIPTION

ENOC PROTEC SUPER PLUS is extra high performance motor oil designed to provide high level of protection in gasoline engines fitted with turbochargers. It is formulated from hydrotreated mineral oils and a superior additive package to provide outstanding overall engine cleanliness and protection against wear at high temperatures and under severe conditions. Excellent fluidity at low temperatures which ensures starting in cold weather and low volatility contributes to low consumption. It is available in SAE 15W-40 and SAE 20W-50 viscosity grade and exceeds the latest API service classification SM. Compatible for all cars running on lead free gasoline and catalytic converters.

APPLICATIONS

- ◆ All modern passenger car gasoline and diesel engines.
- ◆ High performance normally aspirated and turbocharged gasoline engines
- ◆ Four stroke motorcycle engines where motor oils are recommended
- ◆ Japanese and American manufactured cars
- ◆ Light commercial vehicles

PERFORMANCE STANDARDS

PROTEC SUPER PLUS meets and exceeds the following International specifications:

API SM/CF
ACEA A3-04, B3-04, B4-04

Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals

BENEFITS

PROTEC SUPER Plus provides:

- ◆ The highest level of engine protection for all model years
- ◆ Extended engine life
- ◆ Superior resistance to oil thickening
- ◆ Excellent protection against wear
- ◆ Low oil consumption and engine deposits
- ◆ Easy all year round starting
- ◆

| Technical Data* | | |
|---|--------|--------|
| SAE Grade | 15W-40 | 20W-50 |
| Kinematic Viscosity | | |
| mm ² /s @ 40 ^o C | 110 | 166 |
| mm ² /s @ 100 ^o C | 14.7 | 18.5 |
| Viscosity Index | 135 | 125 |
| Flash Point, COC, ^o C | 220 | 235 |
| Pour Point, ^o C | -24 | -18 |
| Product code | 210034 | 210033 |

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
