

ENOC PROTEC ULTRA PLUS SN

PRODUCT DESCRIPTION

ENOC PROTEC ULTRA PLUS SN is a special formulation using Low SAPS additive technology and Synthetic blend lubricant base oil technology suitable for modern passenger car gasoline engine oil exceeding the performance specification **API SN**. Developed to provide maximum protection for modern passenger cars, including low emission engines and high performance vehicles. It is available as a **SAE 10W-30 and SAE 10W-40** viscosity grade to provide comfort in driving and running on gasoline meeting long drain requirements. Compatible for all cars running on lead free gasoline and catalytic converters.

APPLICATIONS

- ◆ All new passenger cars engines.
- ◆ High performance cars normally aspirated and turbocharged gasoline engines.
- ◆ Four stroke motorcycle engines where motor oils are recommended.
- ◆ Latest model of Japanese, American and European cars.
- ◆ Light commercial gasoline vehicles.

PERFORMANCE STANDARDS

PROTEC ULTRA PLUS SN meets and exceeds the following International specifications:

API SN
ILSAC GF- 5 for SAE 10W- 30

Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.

BENEFITS

PROTEC ULTRA PLUS SN provides:

- ◆ The highest level of engine protection for all car manufacturers.
- ◆ Extended engine life.
- ◆ Superior resistance to oil thickening and sludge.
- ◆ Excellent protection against engine wear.
- ◆ Suitable for low emission engines.
- ◆ Excellent low temperature easy starting.

Technical Data*		
SAE Grade	10W- 30	10W- 40
Density kg/m ³	0.8600	0.8591
Kinematic Viscosity mm ² /s @ 40 ^o C	71.3	94
Kinematic Viscosity mm ² /s @100 ^o C	10.74	14.2
Viscosity Index	139	155
Flash Point COC	220	224
Pour Point, ^o C	-36	-36
TBN, mg of KOH/g	7.26	7.26
Product Code	210046	210029

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
