

# ENOC Coolant and Corrosion Inhibitor

## PRODUCT DESCRIPTION

**ENOC Coolant and Corrosion Inhibitor** is a high performance environmentally sensitive pre-diluted coolant and corrosion inhibitor. It is a viable alternative to Mono Ethylene Glycol based antifreeze for those areas of the globe that do not require freeze protection. **ENOC Coolant and Corrosion Inhibitor** is suitable for use in automotives, marine, stationary and power generation cooling systems.

## APPLICATIONS

- ◆ Cars, light trucks and vans
- ◆ Marine engines , assuming the product is replenished regularly to compensate for leakage, the cooling water can be considered as fill for life.
- ◆ Off-Road, trucks and buses
- ◆ Stationary power generation engines
- ◆ Hot test liquid for new engine blocks
- ◆ Flushing fluid to clean cooling systems that were filled with other inhibitor packages.

## PERFORMANCE SPECIFICATIONS

**ENOC Coolant and Corrosion Inhibitor** meets and exceeds the following OEM and International specifications:

ASTM D 4340, D 3306, D 1384

Caterpillar Marine Power System (Mak) ; Wartsilla ; MTU and Yanmar

Liebherr MD 1-36-130 (DCA)

MAN Diesel, MB 312.0 and Scania

## BENEFITS

**ENOC Coolant and Corrosion Inhibitor provides:**

- ◆ Extended Coolant life and less downtime.
- ◆ Longer component life and reduced failures
- ◆ Lower maintenance and service costs
- ◆ Effective heat exchange capabilities and less deposit formation
- ◆ Meets most of cars, light trucks and vans.
- ◆ High level protection for aluminium heat transfer surfaces.

Technical Data*	
<b>ENOC Coolant and Corrosion Inhibitor</b>	
Density @ 20 °C kg/m <sup>3</sup>	1.116
pH value (5% volume in water) ASTM D1123	7.5
Colour	Blue
Product Code	223029

\*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

## HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the EPPCO Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. **IT IS HARMFUL TO DRINK, KEEP AWAY FROM CHILDREN**
