

# ENOC PROTEC 4T FAST

## PRODUCT DESCRIPTION

**ENOC PROTEC 4T FAST** is a synthetic based gasoline engine oil specifically formulated for Four-Stroke motor cycles to provide outstanding durable protection under severe high torque, high stress conditions. Under these conditions motorcycle engine operate at extremely high temperature causing viscosity and thermal breakdown of motor oil. **Protec 4T FAST** provides maximum protection against viscosity and thermal breakdown. It is available in SAE 20W-40 viscosity grade and meeting the API SJ specification. In addition it meets the new JASO MB specification. An oil well suited for 4 stroke motor cycle engine, clutch and gear (ECG)

## APPLICATIONS

- ◆ Four-Stroke motor cycles with integral wet clutch operation
- ◆ Particularly suitable for Japanese high performance four-stroke motor cycles
- ◆ Air cooled four-stroke motor cycle engines
- ◆ Water cooled four-stroke motor cycles engines
- ◆ Portable small four-stroke gasoline engine generator sets

## PERFORMANCE STANDARDS

**PROTEC 4T FAST** meets and exceeds the following International specifications

API SJ

JASO MB

Kawasaki

***Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.***

## BENEFITS

### PROTEC 4T FAST provides:

- ◆ Deliver superior engine wear protection and high film strength
- ◆ Protec ring sticking and build up of harmful deposits
- ◆ Long drain interval
- ◆ Quick Starting
- ◆ Low smoke
- ◆ Low Oil consumption
- ◆ Meets API SL performance for Valve Train Wear (VTW)

Technical Data*	
<b>SAE Grade</b>	<b>20W-40</b>
Density @ 15°C	0.8705
Kinematic Viscosity	
mm <sup>2</sup> /s @ 40°C	122.1
mm <sup>2</sup> /s @ 100°C	13.76
Viscosity Index	110
Flash Point, COC, °C	236
Pour Point, °C	-30
TBN, mg of KOH/g	6.0
Sulphated Ash, wt%	0.76
Product Code	220020

\*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

## HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
