

# ENOC PROTEC 4T SUPER

## PRODUCT DESCRIPTION

**ENOC PROTEC 4T SUPER** is a modern high technology gasoline engine oil specifically formulated for Four-Stroke motor cycles in SAE 10W- 40 viscosity grade and meeting the API SJ specification. In addition it meets the new JASO MB specification which has been developed to meet the requirements for the engine and the wet clutch lubrication to provide smooth gear change operations

## APPLICATIONS

- ◆ Four-Stroke motor cycles with integral wet clutch operation
- ◆ Particularly suitable for Japanese high performance four-stroke motor cycles
- ◆ Air cooled four-stroke motor cycle engines
- ◆ Water cooled four-stroke motor cycles engines
- ◆ Portable small four-stroke gasoline engine generator sets

## PERFORMANCE STANDARDS

**PROTEC 4T SUPER** meets and exceeds the following International specifications

API SJ  
 JASO MB

***Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.***

## BENEFITS

### PROTEC 4T SUPER provides:

- ◆ Extended life by the use of special additive technology for engine and wet clutch operation
- ◆ Smooth gear changes by the use of special lubricant friction characteristics
- ◆ Reduced engine repairs due to the maintenance of cleaner engine parts
- ◆ Superior resistance to oil thickening and oxidation
- ◆ Excellent protection against wear
- ◆ Low engine deposits
- ◆ Easy all year round starting

Technical Data*	
<b>SAE Grade</b>	<b>10W- 40</b>
Kinematic Viscosity	
mm <sup>2</sup> /s @ 40 <sup>0</sup> C	93
mm <sup>2</sup> /s @ 100 <sup>0</sup> C	13.73
Viscosity Index	145
Flash Point, COC, <sup>0</sup> C	236
Pour Point, <sup>0</sup> C	-33
Product code	220024

\*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

### HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
