

ENOC ZENON ULTRA PLUS

PRODUCT DESCRIPTION

ENOC ZENON ULTRA PLUS fluids are superior quality multigrade gear and transmission oils suitable for cars, trucks, construction plant and other mobile equipment. They provide long life by offering a high degree of resistance to gear wear and scuffing. Non scheduled maintenance work can be reduced due to the minimising of premature gear failures and deposit formation on bearings, working surfaces and seals which can lead to leakage. They contain balanced extreme pressure chemical technology designed to minimise scuffing and scoring of gear surfaces despite high speed, high torque and shock operation.

APPLICATIONS

- ◆ Suitable for heavy duty service in hypoid, spiral level, spur and double reduction rear axles
- ◆ Manual gearboxes (constant or synchromesh), auxiliary gearboxes and transfer boxes.
- ◆ Multi-viscosity gear oils operating conditions over wide temperature ranges
- ◆ Steering boxes and oil lubricated universal joints.

PERFORMANCE STANDARDS

ZENON ULTRA PLUS meets and exceeds the following OEM and International specifications:

API	GL-5
US Military	MIL-L-2105D
Mack	GO-G

Always follow equipment manufacturer's recommendations for the required lubricant performance level and oil drain interval.

BENEFITS

ZENON ULTRA PLUS provides:

- ◆ The opportunity to rationalise gear and transmission oils
- ◆ High load carrying capacity
- ◆ Superior oxidation resistance
- ◆ Long service life
- ◆ Excellent low temperature performance
- ◆ Wide temperature of operation

Technical Data*			
SAE Grade	80W-90	85W 90	85W-140
Kinematic Viscosity			
mm ² /s @ 40 ⁰ C	136.6	162.10	454.7
mm ² /s @ 100 ⁰ C	14	15.84	30.91
Viscosity Index	99	100	98
Pour Point, ⁰ C	-27	- 21	-15
Flash Point	218	224	238
Product Code	222007	222019	222008

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
